

## Program Pre Assessment

Thank you for your interest in a program with Common Ground Adventures. To offer you the best experience possible we would like to better understand your organization and its perceived needs. Please take a few minutes to answer the following six questions. Thank You.

1. Please give us a brief description of your group. An example would be: We are (What is your division) within (your organization) and our job is \_\_\_\_\_.
2. What is your group's greatest strength?
3. What is your group's most obvious weakness?
4. Why do you think you need a Team Building? Common reasons include: there are particular issues that need to be confronted, there is an organizational shift which is causing some anxiety, a new program or system change is being implemented in the near future and we want to rev our team up ahead of time. Another way to view this question is: "what would your group's personality or profile be if you did not do this?"  
What is your reason?
5. What do wish to accomplish from your experience with us? Do you have any clear objectives? Another way to view this question is: "what would you like the personality or profile of your group to be after your time with us?"
6. Please tell us about any other Team building events you have done with this group in the past.
7. Is there anything else you would like to tell us about your group?
